Comrade Wilson, who served as a First Lieutenant in the 91st Ohio, was appointed by President McKinley Marshal of Porto Rico, and reappointed by President Roosevelt, serving in that capacity for nearly five years and resigning to resume his family and business associations. It is an invaluable presentation of facts concerning the island, which everyone who wishes information should have.

THE SON OF THE SWORD MAKER By Opie Read. Published by Laird & HIGHT'S RISTORY OF THE 58TH INDIANA Lee, Chicago.

Opie Read needs no introduction to those who are fond of a bright, stirring romance than maintains the interest from the beginning to the end. He has already commended himself to the general public by a series of unusually good stories, and this one maintains his reputation.

It is conceded by impartial critics to be the most accurate and realistic regimental history ever published, and it is read with interest by everyone, whether soldier or civilian. It is especially interesting to the later generation, because the story is like turning aside the vail and showing a panoramic view of scenes in actual army life. The book contains about 600 pages, with illustrations. Price, in sheep binding, \$2.00; in cloth, \$1.50. Sent to any address, prepaid, on receipt of price. Address Gil. R.
